ST. JAMES'S GAZETTE.

It would be difficult to say whether Sir George Grove's admirable volume is more to be esteemed for its biographical or its critical chapters. Probably for neither, but rather for those in which biography and criticism go hand-in-hand together. It needed an enthusiast gifted with industry and the spirit of research to produce such a work.

SPECTATOR.

The most important and valuable of his contributions to the literature of the concert-room have been developed into a book which for many years is likely to remain the standard work on the subject. . . . Sir George writes as a thorough-going hero-worshipper, but personally we find his enthusiasm infectious. No one can rise from the perusal of these fascinating chapters without an enhanced reverence—amounting almost to awe—for the daemoniac genius whose workings are here so vividly set forth.

SUNDAY TIMES.

No one can fail to have his enjoyment of the Symphonies enormously increased by reading the work which will henceforth be indispensable to every student of Beethoven.

THE PEOPLE.

Sir George Grove has performed his self-imposed task with such thoroughness that, after reading the volume, there will be little, if anything, left for amateurs to learn concerning the Nine Symphonies.

YORKSHIRE POST.

We might go on for long enough discussing points suggested by this delightful book, and must be contented with very cordially recommending it to all musically inclined persons, whether they want to become acquainted with the immortal Nine, or only to refresh their recollection of these unapproachable masterpieces.

BRISTOL TIMES AND MIRROR.

Amateurs and students will welcome the present volume as a very valuable contribution to the large store of immortal Symphonies of Beethoven. . . . The most valuable and most recent information about, and bearing upon, the Nine Symphonies is brought together and set forth in that masterly and scholarly way which characterises everything undertaken by the enthusiastic ex-director of the Royal College of Music.

THE TIMES.

Sir George Grove's analyses of Beethoven's Symphonies have long been familiar, not only to every frequenter of the Crystal Palace Concerts, for which they were at first designed, but to all lovers of music in England. They may most truly be said to have become household words, and it seems almost strange that a piece of musical literature so well known and so highly valued should never before have appeared in book form. The analytical programme, with the musical examples, form the groundwork of the volume, published by Messrs. Novello under the title "Beethoven and his Nine Symphonies," but these have been amplified and their value largely increased by the addition of documents before only referred to.

DAILY TELEGRAPH.

I recognise it, without the smallest hesitation, as one of the most important and valuable among recent contributions to musical literature. . . . The best informed of professional musicians may learn a great deal about the master-works of Beethoven from Sir George Grove, whose wide reading and acute perceptiveness have enabled him to marshal an astonishing array of facts, and whose intimate acquaintance with the spirit of the master has qualified him to throw light upon pages which, to many, are still obscure. . . . I must be satisfied with the remarks already made, earnestly recommending all who recognise Beethoven's greatness as shown in his immortal Symphonies to obtain Sir George Grove's volume, and walk in the luminous paths through which he is ready to conduct all who trust his guidance.

MORNING POST.

Sir George Grove's book is irresistibly fascinating. It is never unduly pedantic, and the information it contains is conveyed in a style at once terse and lucid, whilst its pages are interspersed with many anecdotes and interesting details of the great master's life.

GLOBE.

Sir George Grove seems to have discovered a good deal of new material, which forms by no means the least valuable part of the book. In his estimate of Beethoven Sir George writes like an enthusiast, but his enthusiasm is tempered with sound judgment, and his style is always pleasant, and often eloquent in the best sense of the term.
